

## COMMUNITY OUTREACH WITH MOKORE SAFARIS

Due to the tough economic times and financial hardships being felt by the Rural Citizens of Zimbabwe, Mokore Safaris is embarking on a Community Outreach Programme.

We have identified two schools in the Communal Areas near our two operating areas, Mokore and Sengwa Research. These are Chedutu Primary Schools and Muchirinji Primary / Secondary Schools respectively.

These schools have given us a wishlist of needs and we are addressing these.

Anything will be appreciated from old magazines, clothes, crayons, pens, pencils, pads, maps and other stationery. Cash donations are also accepted and will be used to obtain much needed school desks as well as complete school building projects.

These folks have very little and so any small donation will mean a lot to them.

Any incoming clients or well-wishers wanting to donate anything for these schools please contact Melanie on [melduckworth@mokore.com](mailto:melduckworth@mokore.com) for more information.

School Development Plan  
2014 - 2019

To:

- improve results
- complete the ECD block
- complete 10 squat hole Blair toilets.
- fence the school yard.
- improve the health delivery system.
- build the school shed
- build one teachers house
- fence the school garden.
- construct an ECD play centre.
- plant at least 15 fruit trees.
- build a kitchen at every house, iron roofed
